PATIENT  
CARE + YOU  
= ALTOGETHER BETTER

## SESSIONAL GPs

We offer our sessional GPs highly competitive hourly pay.

We've developed a reputation for delivering a range of fully integrated care services that are built around the people of Bath and North East Somerset, Swindon and Wiltshire.

And we've done that by recruiting the best people, empowering them to work as one team, enabling them to achieve amazing things.

Joining us as a sessional GP offers much more than additional earning potential. Here, you'll get to sharpen your acute skills, supported by a team all focused on delivering exceptional patient care.

**Join us. We can be even better, altogether**

## Dear Colleague

As we actively seek to develop our team of Sessional GPs, we would like to invite you to find out more about what it's like to work with us.

Medvivo provides the Integrated Urgent Care service for Bath and North East Somerset, Swindon and Wiltshire which brings the GP Out of Hours service together with NHS 111 and a Clinical Assessment Service.

We provide Primary Care Support and Access to Care, the 24/7 single point of access for community health referrals in Wiltshire; and we are also the leading provider for telecare monitoring response services across the UK.

Every day, by working together, Medvivo people achieve amazing things.

Here you will find all the information you need to make an informed decision about joining us, from details about our operational model to the attractive packages we offer GPs.

It is an exciting time to join us as we develop telephone and video call assessments. We've incorporated a GoodSAM video consultation and remote consultation services which are becoming important tools for helping us to improve patient care.

If you'd like to find out more before formally registering your interest, you're most welcome to contact our GP Support Team on **0800 6444 200 (Option 5)** or email [GP@medvivo.com](mailto:GP@medvivo.com)

We look forward to hearing from you soon.

Yours sincerely

Medical Director

## ABOUT THE ROLE

As members of our sessional clinical team, our GPs work alongside Advanced Nurse Practitioners and Pharmacists care for patients with urgent medical problems. This is a growing portfolio of work which may include telephone consultation, remote video consultation, face-to-face assessment at one of our bases, or visiting patients who are unable to attend an appointment in their own home, residential or nursing care setting. We also provide support to:

- ++ Community Hospital inpatient beds (OOH only)
- ++ Erlestoke Prison (OOH only)
- ++ Military personnel and their families across the county (OOH only)
- ++ The Cotswold Eating Disorders Unit in Marlborough (OOH only)
- ++ Marlborough House (Swindon) - CAMHS (OOH only)

Generally, the role requires similar skills to those of an 'in-hours' GP, though there are specific additional competencies required:

- ++ Prescribing in palliative care
- ++ Use of controlled drugs
- ++ Catheter management
- ++ Examining and prescribing for children of any age
- ++ Managing complex conditions, often with multiple co-morbidities
- ++ Prescribing in polypharmacy

Every shift is managed centrally by a team of Coordinators who ensure people and resources are best utilised in order for patients to receive the best possible care. This enables the Clinical Team to focus on the patients rather than logistics.

Each mobile clinician is provided with a driver and a fully equipped car for home visits.

# ABOUT OUR BASES

Medvivo operates an appointment only system which is managed centrally by our Coordinators based in Fox Talbot House.

Our bases are situated across the counties to ensure our patients have easy access to our clinicians, although we also offer a remote video consultation service.

We are currently based at the following sites:

- ++ Fox Talbot House, Chippenham - telephone consultation only
- ++ Hathaway Medical Centre, Chippenham
- ++ Keynsham Medical Centre, Bristol
- ++ Moredon Medical Centre, Swindon
- ++ Salisbury Medical Practice

# FLEXIBLE WORKING + BETTER BENEFITS

## WHAT WE OFFER OUR GPs

- ++ A varied portfolio of in and out of hours work
- ++ Highly competitive sessional rates of pay with attractive enhancement schemes
- ++ A supportive and open working environment
- ++ Sessional contracts: our GPs work for us on a self-employed sessional basis, giving the opportunity to pick and choose shifts that fit with their lifestyle
- ++ Paid sessional GP orientation programme for new recruits (up to four hours of shadowing)
- ++ Each OOH base has a fully stocked car and a driver in order to complete home visits
- ++ We use Aداstra for OOH and SystemOne for in-hours remote consultation: both require very little additional technical knowledge to working in practice. If any further training on our system is needed, we are happy to provide this
- ++ GP Audit: we regularly carry out case audits on all of our Clinical staff. This is useful evidence for annual appraisals and PDPs
- ++ Learning and Development opportunities: you have the opportunity to attend quarterly GP training events provided by field experts in topics relevant to the service we provide
- ++ Remote consultation: a flexible approach to working

# REFERRAL SCHEME

We offer a payment if one of our sessional GPs refers another GP to us who is successfully “on-boarded” into the business and completes six shifts in four months.

# NEXT STEPS

For an informal discussion about the opportunity to work with Medvivo, contact our GP Support Team at [GP@medvivo.com](mailto:GP@medvivo.com)

To apply to join us complete the registration form at:

<http://careers.medvivo.com/search-jobs-and-apply/14f195-self-employed-gp-banes-swinton-wiltshire>

++ We will need the following information from you before you begin your shifts:

- >> Valid Medical Indemnity Certificate
- >> GMC registration number
- >> Proof of right to work in the UK
- >> DBS
- >> References
- >> NHS Smartcard number
- >> Preferred availability and location of work
